

Further Expansion of BARCS Community Cat Program

Project #

22-7012

County: Baltimore City

Number of Cats Spayed: 870

Number of Dogs Spayed:

Number of Cats Neutered: 930

Number of Dogs Neutered:

Amount Received: \$63,000

Amount Remaining (to be returned to MDA): \$0

Project Synopsis:

This project sought to spay and neuter 1,800 outdoor community cats in Baltimore City.

Maryland Department of Agriculture
Spay and Neuter Grants Program

Project Description:

Funding for this project was used to spay and neuter 1,800 outdoor community cats through the BARCS TNR program.

Summary of Approach:

Funding was utilized to TNR (trap, neuter, release) outdoor community cats. Baltimore City residents were encouraged to reach out to the BARCS Community Cat Program team with requests for assistance in altering outdoor cats. We then scheduled surgery appointments and, once healed, released cats back to their community.

Accomplishments:

We successfully altered 1,800 cats!

Maryland Department of Agriculture
Spay and Neuter Grants Program

Lessons Learned:

Staff turnover can be a challenging barrier to accomplishing our goal of 1,800 cats within the grant period. But, our new program staff will help us ensure we care for outdoor cats in a more timely fashion.
